

COVID19

ENDEAVOUR COURT MOTOR INN

Corner Macleay & Bourke streets Dubbo 2830

UPDATE

We have been operating during the covid19 government announcements restricting travel and movements with strict cleaning protocols for the protection and safety for our guests and our staff.

All rooms and common areas are cleaned and sanitised with recommended chemicals and sanitisers to ensure that all surfaces are cleaned and sterilised each time we clean. We have adopted an isolation room policy that as guests check out we allow 2 to 3 days between check out and guest check-in for extra safety..

Further we have initiated a UV Steriliser lamp as we clean rooms and common areas such as the reception office and installed a "sneeze guard" at the reception counter for added protection and includes a 2 .5 metre social distancing protocol at check in, check out.

We look forward to welcoming you back to Endeavour Court Motor Inn as we move forward with the governments lifting restrictions by easing travel and movement intra and interstate. We shall continue with our COVID19 safe practises to ensure the safety of all.

Be safe
